GENESIS 3D

3D Modelling & Simulation • Design from Scratch

DATE	TIME	DURATION	TEAM SIZE
5 November (as listed in the event-specific section)	2:00 PM – 6:00 PM	4 hours	1 to 3 members

EVENT OVERVIEW

Genesis 3D is a 4-hour individual/team-based 3D modeling and simulation event. Participants will be given a theme or problem statement at the start of the event and must design, model, and simulate a 3D object, scene, or system that fits the given brief using software of their choice (e.g., Blender, Maya, AutoCAD, SolidWorks, Unity, or equivalent). Along with the final 3D model/simulation, each team must prepare a short 3 to 4 slide presentation explaining their design approach, tools used, and the concept behind their model, including any simulation logic or physical behavior demonstrated. At the end of the event, teams will present and demonstrate their models/simulations to the judging panel.

RULES & PARTICIPATION GUIDELINES

1. The use of Artificial Intelligence (AI), AI agents, or any AI-based generative tool for creating or auto-generating 3D models, textures, or simulations is strictly prohibited.

2. Any participant or team found using AI or an AI-based tool will be immediately disqualified.

3. Participants may use official software documentation, tutorials, and reference materials strictly to understand tool features, commands, and workflows.

4. Participants must bring their own laptops/systems with the required 3D modelling/simulation software pre-installed; organizers will not be responsible for software installation issues.

5. The complete model/scene/simulation and presentation slides must be created and finalized within the allotted 4-hour duration.

6. Use of pre-made assets, templates, or third-party models sourced from the internet or asset stores is not allowed; all models must be built from scratch during the event.

7. Participants must remain within the designated event area for the entire duration.

8. Evaluation will be based on creativity, technical accuracy, complexity, adherence to the given theme, and quality of the presentation.

9. The decision of the organizers/judging panel regarding evaluation and final results shall be considered final.

> **IMPORTANT:** AI tools for generating 3D models, textures, or simulations are strictly prohibited. Any violation may result in immediate disqualification.

GENESIS 3D — PRIZE POOL

Prize details are shown separately for this event.

TOTAL EVENT PRIZE POOL
₹20,000

PRIZE	AMOUNT
First Prize	**₹12,000**
Second Prize	**₹5,000**
Third Prize (Female only)*	**₹3,000**

PARTICIPATION REQUIREMENT

Minimum participants: **At least 20 participants**.

CONDITION FOR THE FEMALE-ONLY THIRD PRIZE

The third prize is reserved for female participants and is awarded only if both conditions below are fulfilled:

1. There must be at least 6 female participants in the event.

2. The team must consist of only females (no male teammates).

Organizing Club: Codessey Club
