NIT NAGALAND

Free Fire Esports Tournament

Official Rules, Regulations & Points Distribution System

This document lays out the official rules, regulations, and points distribution system for the Free Fire Esports Tournament to be held at NIT Nagaland. All participating teams are required to read and comply with the rules below. Matches will be played in Battle Royale (BR) mode across the Bermuda, Kalahari, and Purgatory maps.

Points Distribution System

Points for every match will be calculated based on a combination of kills, placement (Booyah rank), and a bonus for the most kills in a match, as detailed below.

Category	Criteria	Points Awarded
Kill Points	Per Kill	1 point per kill
Placement Points	1st Place (Booyah)	10 points
Placement Points	2nd Place	8 points
Placement Points	3rd Place	6 points
Placement Points	4th Place	4 points
Placement Points	5th Place	2 points
Placement Points	6th Place	1 point
Placement Points	7th Place	1 point
Bonus Points	Most Kills in a Match (MVP Team)	2 bonus points

Note: Final match score = (Total Kills x 1) + Placement Points + Most Kills Bonus (if applicable). Overall tournament standings will be calculated by summing points across all matches played.

Match Format & Maps

All matches will be played in the Battle Royale (BR) mode. Matches will be rotated across the following three maps:

- Bermuda
- Kalahari
- Purgatory

General Rules & Regulations

- All squads must register with complete and accurate team details (team name, in-game names, and player IDs) before the registration deadline.
- Every team member must be physically present at the venue for their scheduled matches.
- Remote/online participation from outside the venue is not permitted.
- Only registered players, organizers, and authorized volunteers/officials may be present in the playing area.
- Teams must report to the venue at least 15 minutes before their scheduled match time. Late arrival may result in disqualification from that match at the organizers' discretion.
- The decision of the organizing committee/event officials will be final and binding in case of any disputes.
- Any change in team roster after registration closes must be approved by the organizers in advance.
- Teams are responsible for bringing their own gaming devices and accessories unless stated otherwise by the organizers.

Fair Play & Anti-Cheating Policy

The organizers are committed to maintaining a fair and competitive environment for all participants. The following practices are strictly prohibited:

- Use of hacks, cheats, mods, macros, emulator exploits, or any unauthorized third-party software that provides an unfair advantage.
- Teaming up with rival squads (collusion) during a match.
- Stream sniping, ghosting, or receiving outside assistance/information during a match.
- Smurfing (using fake or unauthorized player accounts) or providing false player identity.
- Intentional network manipulation (e.g., lag switching) to disrupt matches.
- Any form of toxic behavior, harassment, or misconduct towards other players, organizers, or volunteers.

> **Zero Tolerance Policy**
>
> Any team or player found engaging in cheating or any malicious/unfair practice, as listed above or otherwise, will face an immediate and **PERMANENT BAN** from this and all future events organized under this esports program. This decision will be final and not open to appeal.
